MY PROJECTS ON GITHUB
[GITHUB.COM/YFICKLIS/](https://github.com/YFICKLIS/)

ABOUT ME

Brazilian, 23 years-old. Currently studying Systems Analysis and Development, with a pedagogical emphasis on Java language. Knowledge in Java, C ++, Python, PHP, JavaScript, Vue.Js, Docker and Linux operating system. Excellent logical reasoning and simple and direct communication, obtaining positive results in the situations proposed to me. Always ready for new challenges and agile in making decisions. Fast learner. My goal is working as a Full Stack Web Developer and being able to carry out projects, also add value to the company
